REQUEST FOR RECONSIDERATION

Sir:

Favorable reconsideration of the above-identified patent is respectfully requested in view of the following comments and supporting documentation.

FEB 02 2006

COMMENTS

The Applicants' Request for Certificate of Correction was denied due to the format of the dates of the Foreign Patent Documents listed in PTO-1449 dated December 14, 2001. Applicants respectfully request reconsideration of the denial in view of the attached copy of PTO-1449 submitted on December 14, 2001. Please note that it is clear that the dates are listed in DD/MM/YY format due to reference JP 06-004999 dated 14/01/94, as there is no 14th month.

Applicants also request reconsideration of the denial in view of the attached copy of PTO-892 dated May 13, 2004 incorrectly listing the Japanese reference as JP 411306661 instead of JP 11306661 A. This mistake was at the USPTO and out of the control of the applicants.

Accordingly, request for issuance of a Certificate of Correction for this patent is earnestly solicited.

Respectfully submitted,

RENNER, OTTO, BOISSELLE & SKLAR, LLP

Information Disclosure Statement PTO-1449 (Modified)

The identification of any reference is not intended to be, and should not be understood as being, an admission that such publication, in fact, constitutes "prior art" within the meaning of applicable law since, for example, a given reference may have a later effective date than first seems apparent or the reference may have an effective date which can be antedated. The "prior art" status of any reference is a matter to be resolved during prosecution.
